MENOMONEE RIVER VALLEY
MILWAUKEE, WISCONSIN

WORKING IN THE VALLEY

A GREAT PLACE TO WORK,
A GREAT PLACE TO VISIT

The Menomonee River Valley is filled with great jobs and careers, but there's more! Here, local businesses and global corporate headquarters co-exist with one-of-a-kind entertainment, parks, and trails. When you select a career in this vibrant area in the heart of Milwaukee, you have the opportunity to experience so much more...

Employees enjoy 60 acres of beautiful natural spaces, including seven miles of the **Hank Aaron State Trail** as well as **Three Bridges Park** and **Menomonee Valley Community Park**.

Getting to and from the Valley can be quick and easy! The Valley is right off **I-94**, directly accessible by the **MCTS Bus Routes 14 and 17** and others nearby, and hosts **Bublr Bike Stations** **at City Lights Brewing Company and Miller Park.**

Throughout the year, employees explore all the Valley has to offer at the **Urban Candlelight Hike**, **Food Truck Wednesdays**, the business soccer league, and **Valley Week** events like the Ultimate Beer Run, river cruises, tours, and so much more.

Valley employees make a difference! Employees can become land stewards through a **Stew Crew** that helps keep the Valley beautiful or volunteer to mentor local students about future careers through the **Valley Career Discovery Initiative**.

Businesses and employees network with one another through the **Menomonee Valley Business Association** and **Valley Circles**, professional development groups where peers connect to discuss meaningful topics.
